

The software, **Sterling Trader Pro**, can be downloaded from:
<http://www.sterlingtechnologiesinc.com/Downloads.aspx>

The install password is **Sawgrass** (The first S must be caps). Just keep clicking next and yes until you get to a page that asks for Trader information and enter in the following ID and IP's:

Trader ID:

ServerIP: strlgisd.ha.paxclearing.com Port: 19011

QuoteServerIP: 66.250.214.171 Port:19012 (For internet users ONLY)

QuoteServerIP: 172.28.91.21 Port:19012 (For LAN users ONLY)

Click install and then finish. You should now have a Sterling Trader Pro icon on your desktop. Double click on the icon.
